1877 ONCE GROWN

MAULE'S SEEDS

1921 ALWAYS GROWN

We thank our old customers for their past patronage and look forward to a continuance of same. Every new customer is assured of our endeavors to satisfy them and make them permanent buyers of Maule's seeds year after year.

Reduced Prices to Market Gardeners and Florists

For years it has been our policy of supplying the best strains of seeds, plants and bulbs obtainable to market gardeners and florists at reduced prices. If there is anything that you want not offered in this list, write us and we will be pleased to quote you our best prices. Half pounds may be ordered at pound rates; 5 pounds or over at 10 pound rates; 25 pounds or over at 100 pound rates; not less than 6 bulbs at the dozen rate; not less than 25 bulbs at 100 rate; not less than 250 bulbs at 1000 rate.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to change prices without notice.

Special Terms

Cash with order, or satisfactory bank reference. Money may be sent by post office or express money order, draft, check or registered letter. We will send C. O. D., by parcel post or express, orders amounting to $15.00 or over if one-fourth of the amount is remitted with order to guarantee acceptance. We cannot send C. O. D. by freight.

Freight Paid Anywhere in U. S. A.

on all orders amounting to $10.00 or more, provided the order is for small seeds only. Peas, beans, corn, potatoes, plants, roots and onion sets are not small seeds; prices given on same are for delivery f. o. b. cars or boat in Philadelphia, customers in all cases to pay the transportation charges from Philadelphia to their own railroad station. Remember, we make no charges for bags or packing.

Maule's Tested Seeds

Every new strain is tried out, and close attention given to the development or improvement of old favorites. Such care is at the foundation of the reputation that Maule's seeds, plants and bulbs have won, *"Once Grown, Always Grown."*

For tests of new seeds and experiments with older strains we maintain extensive trial grounds at Newfield, N. J.

For proving before planting, every lot of seed that comes into our warehouse is subjected to a germination test. No test will warrant a guarantee that seeds will grow. Results must depend upon weather, soil conditions and cultivation. We do all we can to start you right.

Our Store

We have opened a large store on the first floor of our seed house, where we are enabled to render prompt and efficient service to those who wish to call for their seeds or bulbs, and for whose benefit we have added a full line of gardening tools, spraying materials, sundries, etc. If inconvenient to call, and you wish goods sent C. O. D. or you have a charge account with us, phone Bell, Spruce 4684, or Spruce 4685, and your orders will have our prompt attention.

Maule's Remarkable Four Leaf Clover Guarantee

1. Safe Arrival. We guarantee that all goods, except perishable plants, will reach the customer in good condition.

2. Money Insured. We further hold ourselves responsible for the safe arrival of all remittances sent by post office money order, express money order, draft, check or registered letter.

3. As to Delivery. We guarantee to deliver free of all transportation charges to your nearest railroad station in U. S. A. all orders amounting to $10.00 or more, if for *small seeds only*. On orders for small seeds less than $10.00, or for peas, beans, corn, potatoes, onion sets, roots, bulbs, plants, tools, etc., we will not pay carrying charges, but such articles as can be mailed, we will deliver by parcel post if you will remit the amount of postage required with order.

4. As to Crops. Under the varying conditions of soil and climate, it is absolutely impossible for any seedsman to guarantee the results of seeds, bulbs or plants. We, WM. HENRY MAULE, INC., therefore, in common with all American Seedsmen, give no warranty, express or implied, as to the description, quality, productiveness or any other matter of any seeds, plants and bulbs we send out, and we will not be in any way responsible for the crop. We cannot, under any circumstances, assume responsibility for more than the actual price paid for seeds, plants or bulbs. If the purchaser does not accept the goods on these terms, they are at once to be returned; but we do guarantee that we will use every effort to send you the best seeds, plants and bulbs procurable, of such varieties as you may order.

What Maule Does

We Prepay Shipping Charges in the U. S. A.

We pay freight or express charges, our option, to your nearest railroad station on all orders for small seeds amounting to $10.00 or over. Transportation charges are not prepaid on orders containing peas, beas, corn, potatoes, bulbs, roots, vegetable plants, onion sets, nor on spraying materials, sprayers, tools, etc.

We Make No Charge

for bags, boxes, crates or packing, nor for delivery to freight, boat or express offices in Philadelphia.

We Will Ship Your Order Promptly

You will find it advantageous to order all the seed you will need at once, so as to have your full supply reserved. If you wish, we will ship the seeds for early planting at any date you name, and hold the balance of your order to be shipped later.

What You Should Do

Order Early

Be sure to get your order in early. While our supply of seeds should be adequate, yet the demand is certain to tax us heavily. The earlier you order, the more certain you are of having seeds exactly when they are needed for proper planting. Mail, express and freight are sometimes delayed, so order *early*.

Accurate Address

Write your full name and complete address on every order. Give your post office address and name of state and county. If you have a post office box or live on an R. F. D. route, please give the number. If the goods ordered are to go by freight or express, give shipping directions and the name of the railway station where goods are to be delivered.

The *safest way* to send money is by *post office money order, express money order* or *bank draft*. On all amounts of $1.00 or over *you may purchase your money order or register your letter at our expense.* Stamps will be acceptable as cash.

MAULE'S SUCCESS TOMATO.

Maule's Frost Proof Cabbage Plants

Will Double Your Profit——Why?

Because they mature heads which can be marketed two to three weeks earlier than your home grown plants and you get early market prices

The seed is planted in the open field in the south; the plants make a slow but steady growth, until at 8 to 10 weeks of age they are very tough and hardy, the buds are purple and the outer leaves a reddish brown. When in this condition they can be shipped further north. These plants have stood a temperature of 8 to 10 degrees above zero without injury; the land freezing, or the plants being covered with ice, sleet or snow, after they were planted, did not injure them.

The top of the plant does not grow until your regular spring weather opens up, but the roots grow from the time they are planted. Headed cabbage is ready 10 days to 3 weeks earlier than from any other plants.

Our cabbage plants are grown from the best Long Island grown seed and are shipped direct from our growing stations in the south by parcel post. **We can fill orders from Dec. 1st. to May 1st.**

To get the full advantage of these frost proof cabbage plants they must be planted a month or six weeks earlier than you would plant home grown plants.

Order early and state about what date you wish your plants sent. We will ship just as near the time desired as weather and other conditions permit.

Please Remember Your order must first be sent from our offices in Philadelphia to our growing station in the south, and it will take several days to reach there after we receive it. Plants cannot be pulled and shipped in rainy or freezing weather, when wet they heat too rapidly. We sometimes have a week or ten days of continued wet weather which prevents shipment. Your order will be accepted with the understanding that you are willing to allow for delays, such as explained above, over which we have absolutely no control.

Read Carefully Before You Order **Varieties.** We can supply frost proof cabbage plants only in the following varieties: Early Jersey Wakefield, Charleston or Large Wakefield, Early Flat Dutch and Succession.

No plants shipped C. O. D. No less than 100 plants sold. No plants shipped by express. We do not advise shipments of frost proof cabbage plants by express, but if you are willing to assume the entire risk will quote prices on large quantities, on request, for express shipment.

100 of any one kind, 50 cents, postpaid; 500 of any one kind, $175, postpaid; 1000 or more of any one kind, $3.25 per 1000, postpaid.
Order in even hundreds or thousands, viz., 100, 200, 300. Not 150, 250, etc.
If larger quantities are wanted, than listed in this price list, write for special prices.

Maule's Superior Flower Seeds

At the request of many of our market gardener and florist friends, we offered flower seeds, bulbs, etc., in our special price-list last year. It is very gratifying to us to say that the increase in sales was especially noteworthy, and judging from the many letters we received, our friends were pleased with the excellent results and extra money obtained by the sale of cut flowers and potted plants, the demand for which is ever increasing. If larger quantities are wanted, or should there be anything pertaining to horticulture not herein offered, write us for special quotations. We cater to the most critical trade, and can surely please you.

Panmure Extra Fine Mixed Gladiolus

Panmure Extra Fine Mixed. In handling gladiolus bulbs, it is impossible to sell out all the stock which we carry for the season, so there are many choice odds and ends or left-overs, including great numbers of high-priced varieties, in quantities not large enough for us to grow separately. We therefore plant these desirable varieties in a mixture at Panmure, and offer you, at very low figures, an assortment which insures a wide range of colors, shades and types	4.50	42.50

See our 1921 catalogue for full list. We will gladly quote to florists special prices on any seeds, bulbs, etc., listed in our regular book not offered here.

Maule's Large Flowering Cannas

For bedding purposes, cannas stand at the head of the list. No more satisfactory plant could be found; they succeed in all parts of the country, in any kind of soil, but will, of course, do better in rich soil, well prepared. We list the most distinct and desirable varieties recently introduced. Our cannas are grown on our farm at Newfield, N. J., and we send out dormant roots in strong 2 to 3 "eye" divisions from these field-grown clumps. The heighth given for each canna varies with climate and care. We will ship roots promptly unless instructed otherwise.

THE PRESIDENT

The finest and largest red canna ever offered

The rich, glowing, immense, rounded flowers, 7 inches across when open, are so surpassingly fine that no other red canna can compete with "The President." The flowers are most attractive, produced on strong, erect stalks well above the large, rich green foliage. Growing about 4 feet high.
